

CONTENTS

1. INTRODUCTION	9
2. SIMPLE INTEREST AND DISCOUNT	11
2.1. Basic concepts	11
2.2. Simple interest	13
2.3. Simple discount	18
2.4. Examples	19
3. SHORT-TERM SECURITIES	23
3.1. Bill of exchange	23
3.2. Treasury bill	25
3.3. Checking account	26
3.4. Examples	29
4. COMPOUND INTEREST AND DISCOUNT	35
4.1. Compound interest	35
4.2. Combined simple and compound interest model	41
4.3. Continuous interest model	43
4.4. Random interest model	45
4.5. Inflation and real interest rate	48
4.6. Examples	51
5. SYSTEM OF CASH FLOWS AND INVESTMENT RULES	53
5.1. Value equation	54
5.2. Present value	55
5.3. Internal rate of return	57
5.4. Criteria of investment decision	60
5.5. Examples	62
6. ANNUITIES	63
6.1. Present and final value of annuity	64
6.2. Various types of examples with annuities	68
6.3. Special annuities	72
6.4. Mortgage	74
6.5. Examples	74

7. AMORTIZATION OF DEBT	77
7.1. Amortization of debt by unequal repayments	78
7.2. Amortization of debt by equal repayments	79
7.3. Examples	83
8. BONDS	85
8.1. Basic concepts and types of bonds	85
8.2. Bond pricing	87
8.3. Yield curve	90
8.4. Duration	94
8.5. Examples	98
9. STOCKS	101
9.1. Basic concepts and types of stocks	101
9.2. Stock pricing	103
9.3. Rights	109
9.4. Examples	110
10. TERM TRADING AND DERIVATIVE SECURITIES	111
10.1. Basic concepts and types of derivative securities	111
10.2. Forwards	113
10.3. Futures	115
10.4. Options	116
10.5. Examples	126
11. SPECULATION ON SECURITIES	129
11.1. Security exchanges	129
11.2. Stock indices	131
11.3. Examples	132
12. FINANCIAL RISK AND PORTFOLIO ANALYSIS	133
12.1. Financial risk	133
12.2. Construction of portfolio	137
12.3. CAPM model	142
12.4. Examples	145
13. INSURANCE CLASSIFICATION	147
13.1. Survey	147
13.2. Examples	152
14. LIFE TABLES	153
14.1. Form of life tables	153
14.2. Multiple life tables	157
14.3. Commutation functions	158
14.4. Examples	161
15. LIFE INSURANCE	163
15.1. Basic concepts of life insurance	163
15.2. Present value of insurance products (single net premium)	165

15.3. Level premium	173
15.4. Gross premium	175
15.5. Examples	177
16. PENSION INSURANCE	179
16.1. Basic concepts of pension insurance	179
16.2. Classification of pension plans	180
16.3. DB and DC models	186
16.4. Examples	189
17. NON-LIFE INSURANCE	191
17.1. Basic concepts of non-life insurance	191
17.2. Tariff groups and statistical indicators	194
17.3. Calculation of premiums in property insurance	197
17.4. Technical claim reserves in non-life insurance	198
17.5. Deductibles in non-life insurance	202
17.6. Examples	203
